

FORTUNE EZI MONITOR™

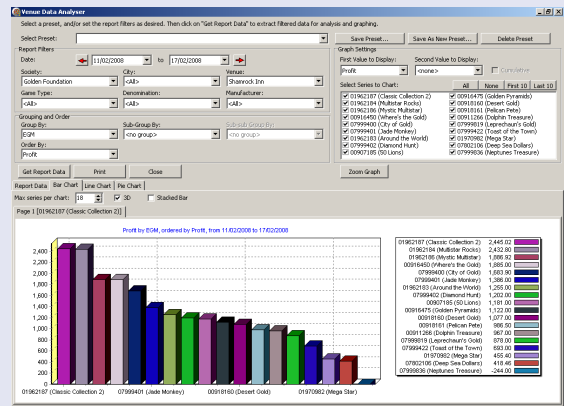

GAMING MANAGEMENT SYSTEM

DATA GRAPHING MADE EZI

Produce Professional Graphs in seconds.

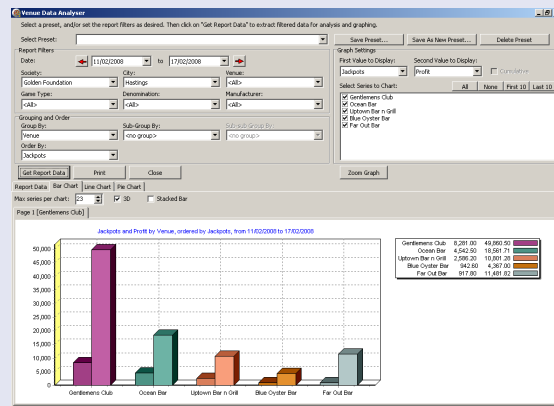

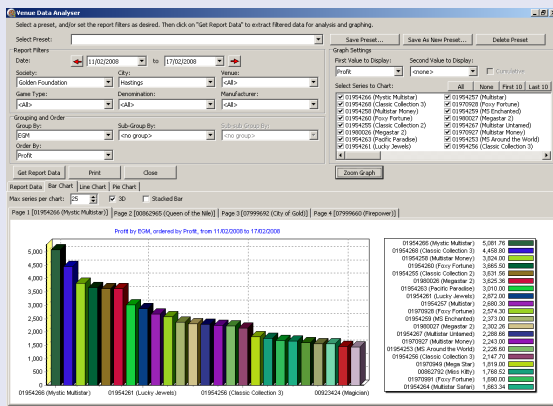

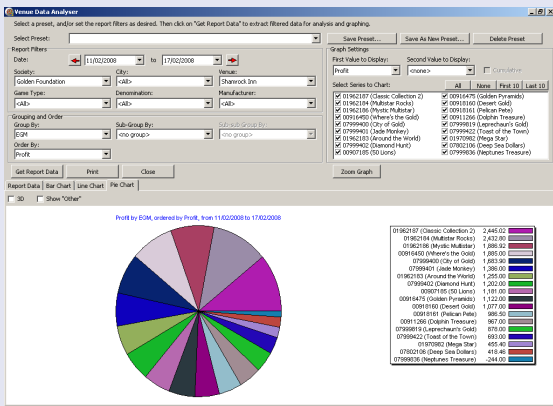

EziMonitor has a new addition, the Venue Data Analyser. The Data Analyser has been developed to display statistics of data with selectable option.

This highly robust system it can analyse data across a wide array of selections from multi trust level right down to a gaming machine per day.

Reports generated from this system can also be displayed in graph format. Line, Bar and Pie charts are all selectable options. There is even a 3d option.

All graphs are printable in full colour and can be displayed onscreen in a full screen mode. There is also the option of Zooming in on areas.
